

Please tell us what made you decide to protect your family with DeTech today!

Please print and sign your name at the end.

We are also asking your permission to have families that are considering using DeTech to protect their families to contact you by phone to inquire your opinion.

Thank you again for helping us spread the word, that we do have safer choices when it comes to fire protection.

Once I saw the information presented, I ~~knew~~ realized that it was just a matter of time before our family experienced a fire. Even though our financial situation was not ideal, I knew that we couldn't afford NOT to get it. We can now rest and sleep peacefully knowing that we are protected when our fire happens.
