

Officer Keith W. Mays  
Metro Louisville

August 19, 2009

Cost of home, several hundred thousand dollars cost of contents several thousand dollars, cost of a life; priceless. I know just how short life can be. I have been a firefighter, worked for the New York City Medical Examiner during 911, a funeral director and currently in law enforcement for Metro Louisville. I have seen my share of tragedies and know the importance of protecting my family. After seeing the presentation by DeTech it was a no brainer. The information and products sold itself. I can go to work at night with the peace of mind knowing my family is safe thanks to DeTech.

Thank you,

A handwritten signature in black ink, appearing to read 'Keith W. Mays', written over a horizontal line.
